Young Artists [ages 14 to 23] prepare eight full-length concert programs each season. Maestro Gerard Schwarz and EMF’s artistic leadership select musically and technically demanding repertoire that challenges each young artist. EMF’s creative environment inspires and enriches growth and excitement in every student.

EMF showcases two equally talented Young Artists Orchestras. Each orchestra rehearses six times weekly in accordance with professional standards for preparation, punctuality and performance. Both orchestras perform with faculty soloists, visiting artists and winners of EMF’s Concerto Competition. Seating in each orchestra rotates.

“Playing and watching concerts full of such wonderful repertoire has been an unforgettable experience.”
Private Study
As part of the core curriculum, each young artist receives one hour of individual instruction weekly from a faculty member.

Chamber Music
All Young Artists participate in chamber music. Ensemble assignments are made by faculty at the beginning of the summer, and each ensemble rehearses four times a week. Two of the weekly rehearsals are coached by a faculty member. Ensembles perform on the Young Artists Chamber Music Recital Series and are often invited to perform off-campus at community outreach concerts.

Master Classes & Studio Classes
Many visiting artists give master classes, which are open to the public, as part of their residency. Several students are invited by the faculty to perform in these classes, with consideration given to a student’s preparation and repertoire. Faculty members offer weekly studio classes focusing on specific topics, giving students the opportunity to experience a variety of teaching styles. Students are required to attend studio classes.

Concerto Competition
EMF holds an annual Concerto Competition. Auditions are open to all Young Artists. Contestants perform any solo work with orchestral accompaniment that was originally composed for their instrument and that does not exceed 18 minutes in length. Preliminary competitions are held the second Sunday of the Festival; finals are held the third Sunday. Memorization of standard solo repertoire is required for the final round and the winners’ performance (held on the final Thursday of the Festival).
Piano Study
EMF accepts up to 20 qualified pianists for enrollment. The five-week program features formal instruction through private lessons, master classes, chamber music studies and a variety of classes, focusing on everything from technique to the history of the instrument.

Private Lessons
EMF’s Piano Program is an intensive study with the Festival’s resident faculty and visiting artists. Young artists work on repertoire already in progress and new repertoire, improving technique and musicianship. Participants have ready access to pianos for daily practice and rehearsals.

Master Classes
Each summer, pianists participate in master classes led by faculty and featured artists.

Performance Classes
Students participate in weekly performance classes led by piano faculty, offering a supportive atmosphere for the development of performance skills.

Literature Classes & Seminars
Faculty-led piano literature classes and seminars, focus on musical styles of various eras and cultural influences, historic recordings, technique, memorization, overcoming stage fright and building a recital program.

Chamber Music & Ensembles [optional]
Students may be assigned to a variety of chamber music groups, orchestral parts or piano ensemble study, or they may be selected to accompany other instrumentalists in sonata literature. All assignments are made at the discretion of the piano faculty. Chamber ensembles rehearse four times a week. Two of the weekly rehearsals are coached by EMF faculty artists. Ensembles perform on the Young Artists Chamber Music Recital Series and are often invited to perform off-campus at community outreach concerts.

Piano Recitals
Students perform on the weekly Young Artists Piano Recital Series and at the final light-hearted Pianopaloza program, both of which are open to the public.

What to Expect

GUILFORD COLLEGE
Guilford College has been EMF’s summer home for 58 years. Founded in 1837, Guilford College is known for its peaceful, tree-lined campus and its historic buildings. The campus is situated on the western edge of Greensboro, North Carolina, a city of 280,000 that is located 75 miles west of Raleigh-Durham, 90 miles northeast of Charlotte and halfway between Atlanta and Washington, DC.

PERFORMANCE VENUES
Guilford College’s Dana Auditorium, completed in 1961 and known for its excellent acoustics, is the primary performance hall for EMF concerts. Located in Guilford College’s Founders Hall, Sternberger Auditorium serves as a rehearsal space for orchestra as well as the performance facility for piano recitals, master classes and Young Artists chamber music recitals. Tew Recital Hall at the University of North Carolina at Greensboro’s College for Visual and Performing Arts serves as home for some of EMF’s chamber music performances. EMF also performs at other venues throughout North Carolina’s Triad region and beyond.

HOUSING
EMF students and counselors live in Guilford College residence halls, while faculty and some guest artists are housed in nearby campus apartments. Students are grouped by gender, and residence halls are separated by age. Meals are served in the college dining hall, laundry facilities are located in each residence hall, and all Guilford College facilities are air-conditioned. Summer staff members include a nurse, dean of students and counselors. The EMF Education Office, Dean of Students Office and Operations Offices are located on campus during the Festival. Restaurants, grocery stores, pharmacies and banks are located within a quarter-mile of campus. Students may use the college’s recreational facilities. Amenities include a weight room, racquetball, tennis, basketball and volleyball courts.

Recreational and social activities are planned on a regular basis, both on and off campus. Popular on-site activities include Ultimate Frisbee, tennis, video games, foosball and dances. Off-site activities such as movies and bowling are voluntary and may cost extra. Students are occasionally invited to receptions or functions with patrons and scholarship donors. Transportation is available for off-campus activities.

Scholarships

Financial assistance for study at EMF is available, with consideration given only after the application and audition process is completed by the applicant. Merit scholarships are available based on audition results. Work-study scholarships are available for orchestra and piano students based on financial need. Awards range from $100 to the full cost of tuition. All students, regardless of their financial award, must pay the $375 in fees ($155 for guitar and euphonium tuba institutes).

Applicants who want to be considered for financial aid must submit a completed Application for Financial Assistance along with their Application for Admission and application fee. A copy of the most recent Federal Tax Form 1040 of the applicant's parent [or of the applicant, if independent] must be submitted if the applicant is applying for need-based scholarship. The 1040 tax forms are not necessary if the applicant is only applying for merit scholarship. Information provided on these forms is kept confidential and destroyed once the financial assistance process has been completed.

PLEASE NOTE: Incomplete Financial Aid applications cannot be processed.

Each year, EMF provides talented young musicians financial scholarships to further their artistic development. In 2019, EMF provided over $340,000 in scholarships. While resources are limited, 80% of our 2019 students received some level of scholarship assistance.

All students are encouraged to apply to EMF, regardless of personal or family financial need; however, EMF recommends that students seek other possible sources of funding in their own communities first. Suggested sources of summer study scholarships include: local youth orchestras and community music programs, area foundations which support the arts and civic organizations which fund educational and student leadership programs.

NOTE: Applications for scholarships are reviewed each year, for that year only. Returning students requesting scholarships must submit a new Application for Financial Assistance and the Tax Form 1040 each year they apply.

MERIT SCHOLARSHIPS

Merit scholarships are awarded based on the applicant's audition and demonstrated level of artistic ability in relation to the overall applicant pool. Awards are an acknowledgement of merit on the part of the applicant and, for the most part, are limited in size.

NEED-BASED WORK-STUDY SCHOLARSHIPS

Work-study scholarships are awarded on the basis of financial need. They help bridge the gap between the cost of EMF and the financial resources available to the applicant. Work-study scholarships typically require three to 10 hours of work per week. Work-study assignments include stage management, music library, ushering and office work. Student preferences are considered in making assignments. Due to the nature of the jobs offered, work-study scholarship is only available for orchestral and piano students.
